

Job Descriptions

Sr. #	Designations	Job Descriptions	Qualification	Experience	Age
1	Project Director	Manage and operate common facility centre equipped with state of the art machinery and technology (Mechanical, Electrical, Mechatronics, Eletronics, Industrial & Manufacturing) for the Light Engineering Sector. Must be hand on person initiative with can do mind set and able to work independently with manufacturing experience.	M.E / M.Sc. Engg	Min 8 yrs experience and 3 yrs relevant experience	30 - 50 years
2	Assistant Manager (Training & Design)	Assist in managing the design, product development, training activities relevant to Light Engineering Sector such as CNC, EDM, wirecut, Heat Treatment, injection moulding and die casting etc. (Mechanical, Electrical, Mechatronics, Eletronics, Industrial & Manufacturing).	B.E / B.Sc Engg / DAE	Min 3 yrs experience and 1 yr relevant experience	25 - 40 years
3	Assistant Manager (Technical & Product Development)	Assist in business and technical activities, product development & design relevant to Light Engineering Sector such as CNC, EDM, wirecut, Heat Treatment, injection moulding and die casting etc. (Mechanical, Electrical, Mechatronics, Eletronics, Industrial & Manufacturing).	B.E / B.Sc Engg / DAE	Min 3 yrs experience and 1 yr relevant experience	
4	Senior Instructor	Design, develop and inplement training activites focused on enhancing skills of local industry on CAD/CAM programming, CNCs and allied technologies (Mechanical, Electrical, Mechatronics, Eletronics, Industrial & Manufacturing).	B.E / B.Sc Engg / DAE	Min 3 yrs experience	
5	Junior Instructor	Assist in design, develop and inplement training activites focused on enhancing skills of local industry on CAD/CAM programming, CNCs and allied technologies (Mechanical, Electrical, Mechatronics, Eletronics, Industrial & Manufacturing).	B.E/ B.Sc Engg/ DAE/MBA/ BBA	Min 2 yrs experience	
6	Supervisor	Supervise the shop floor activities relevant to CNC, EDM, wirecut, Heat Treatment, injection moulding and die casting etc. (Mechanical, Electrical, Mechatronics, Eletronics, Industrial & Manufacturing)	DAE	Min 5 yrs experience	
7	Demonstrator / Operator	Operate and maintain the machines relevant to CNC, EDM, wirecut, Heat Treatment, injection moulding and die casting etc. (Mechanical, Electrical, Mechatronics, Eletronics, Industrial & Manufacturing)	DAE	Min 3 yrs experience
